

My opinion of the theological course - 2014-15.

I first of all thank God for giving me an opportunity to begin with this first batch of the theology course which was initiated by Fr. Henry Falcao in co-ordination with our Bishop Rev. Phillip Neri Ferrao.

The vast knowledge, the understanding of my faith in my practical day to day life helped me to face life with a new vision and can cope up more meaningfully.

I being a catechists, a social worker, an animator etc helped me to give to others around me and also to the ones entrusted to me the knowledge that I gained to give to them all. I love the work always entrusted to me and try my best to develop all my knowledge to the level of them more ~~pr~~ practically and never missing the opportunity where to I can apply the same in every situation I am in.

I thank God for the faith I confess and live and all that I am learning through this course to enable me build my character, my habits, my talents and grow spiritually and deeper in my faith selflessly and in love of God having deeper knowledge of

my faith and help others around me everyday of my life.

God bless everyone who were inspired to implement this theological course for the lay apostolate and I was the priviledged one. Thank you God for all that I have achieved through this course. God bless.
