

I liked the theology course I for the laity very much. It has deepened my faith, corrected many things that I needed to know, it has increased my knowledge and made me rise to a deeper relationship with Holy Trinity. I feel blessed.

I have studied about the church fathers, the early church, the prophets, mariology, new christian groups, and topics like faith, sacraments.

Everything about the course was well-planned. I liked and enjoyed everything.

Thank you dear.
